

Jessica Fleet, Principal with Maner Costerisan, has been the McLaren Greater Lansing Foundation Board Treasurer for five years, and involved with the Women's Giving Circle since its inception. Jessica said "We're a fun group of ladies with a desire to improve healthcare in our community and give back. I have been able to meet women I don't often get an opportunity to see and together we can make a larger impact by pooling our resources. Our annual voting meeting is incredibly inspirational when we hear from hospital department representatives and better understand their needs. Collectively, we decide how to support McLaren Greater Lansing's mission and patients."

Jessica continues to support the WGC because giving back is part of who she is. Growing up, her parents instilled in her an appreciation for community and service by living these values through their actions. She added, "The Women's Giving Circle allows me to contribute in my own way and also have fun! Healthcare is an important component of our community, and supporting McLaren Greater Lansing—and the incredible investment it's making in its programs—reinforces my commitment to the community where my children are being raised."
