

Glenda Cross, Director of Patient Care Services at McLaren Greater Lansing, joined the Women's Giving Circle after she heard about the group through McLaren's newsletters, and she thought, "This would be a great way to give back and network with women in the community."

Glenda said, "The Social gatherings are great. It is an opportunity to share with the community what we are doing at MGL for our patients." She continues to support the Women's Giving Circle, stating, "This is a great cause that helps fund various projects throughout the hospital. The projects are birthed from staff ideas for patient comfort and needs, as well as some educational sessions on health-related topics with great speakers for the giving circle. Listening and learning from other community leaders is a bonus."
