

Theresa Hubbell became involved with The Women's Giving Circle through her volunteer work on the McLaren Greater Lansing Hospital and Foundation Boards of Directors. Although she is unavailable to attend many of the meetings now that she is no longer a Lansing resident, she told us, "I pledge my financial participation indefinitely!"

Theresa said she continues to support because "of the relationships I was honored to cherish with the Hospital Staff and numerous Greater Lansing residents who have become my dearest friends."

She added, "my belief is that it is a priority to give back to your community, either by volunteering, or financial support. I am fortunate to be blessed with the ability to have done both."
